

# PROJECT PROFILE

The Advanced Materials Centre

**Project:** Tianmen Gate, Beijing, China

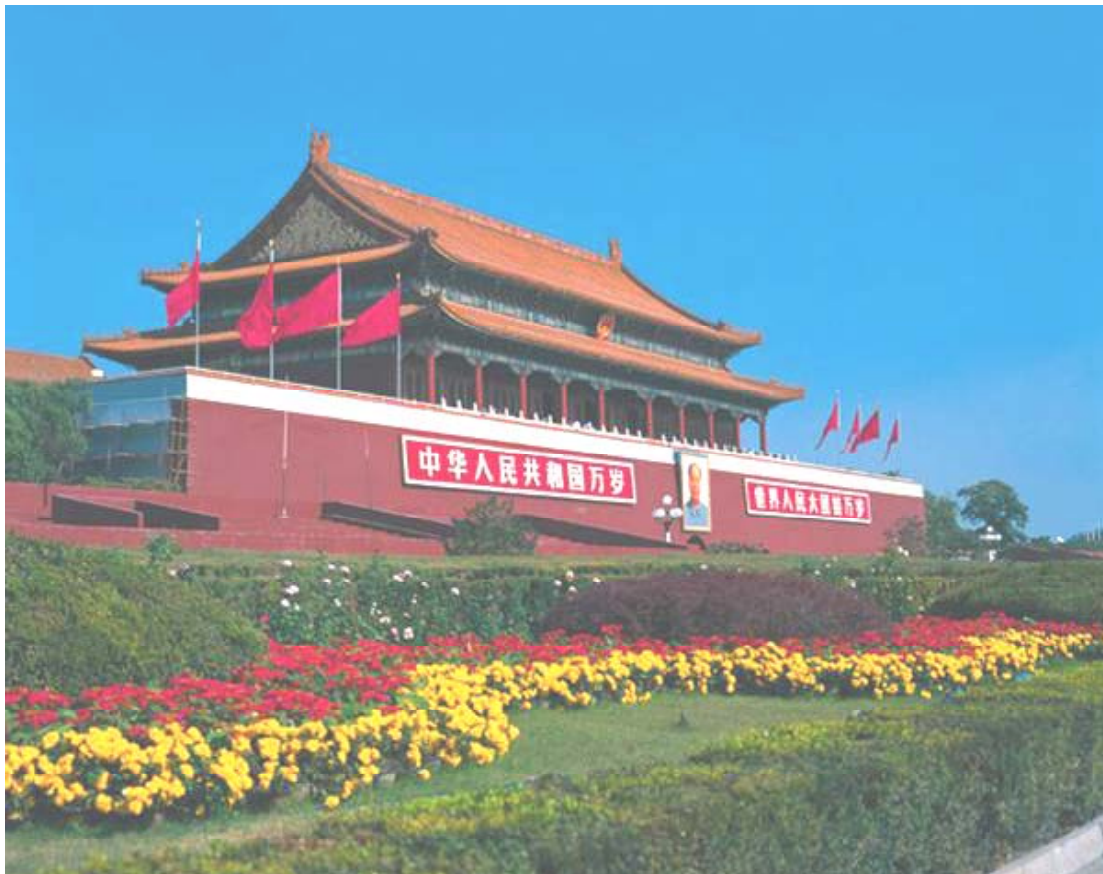

**Designer:** Beijing Municipal Engineering  
Design Institute

**General Contractor:** Beijing Municipal  
Engineering Company

**Sub-contractor:** A Beijing Company

**Gemite product:** **Gem-Gard SX**

**Objective:** the protection of a brick structure against water penetration and acid rain deterioration. The thorough testing of **Gem-Gard SX** by an independent laboratory in China proved that **Gem-Gard SX** provided effective protection at economical cost.
