

Rain-Shield Stain OP WB

High performance borne stain for masonry & concrete walls

Gemite Products Inc. introduces Rain-Shield Stain OP WB, a high performance water based wall stain based on acrylic/silicone technology. This One-Coat stain is opaque, with excellent color retention and long-term durability, and is suitable for masonry and concrete walls, and over stucco and Exterior Insulation and Finish Systems. Rain-Shield OP WB has been formulated to satisfy most stringent performance requirements, and provides superior long-term durability, color stability, resistance to UV and is dirt resistant. The non-toxic, solvent-free, very low VOC, breathable stain is applied by spray, brush or roller. The result is a permanent protection against penetration of water, carbon dioxide, chlorides and other chemicals.

- Water Based (VOC compliant) & fully Breathable
- Excellent long-term durability
- Prevents penetration of Water, Carbon Dioxide, Chlorides and other chemicals
- Protects against future Rebar Corrosion
- Easy to apply by brush, roller or spray
- Excellent adhesion to Old & New Concrete, Masonry, Stucco, EIFS and other wall substrates.
- Eliminates or Reduces “Dirt Pick-up”
