## **SURE-FLO FT**

### **Self-Leveling Traffic Topping for Industrial & Commercial Floors**

Gemite offers cement based high strength traffic topping that can be walked on within 3 hours. The anti-shrinkage formulation of Sure-Flo FT 100 provides a crack free finished floor surface even at a low relative humidity, or when is applied 2” (5 cm) thick. It is pumpable, self-leveling, fast set floor topping with a very good resilience suitable for indoor use only. Sure-Flo ST 100 is suitable for concrete and wood floors, and can be sealed, stained, or coated with suitable floor coatings.

The key advantages are:

- Fast strength development
- High strength
- High abrasion resistance
- No drying shrinkage cracking even at low relative humidity
- Excellent adhesion
- Easy to apply
- Can be coated or stained
- Highly economical
